

SUPERIOR
RECREATIONAL PRODUCTS

Comparison: Superior Recreational Products vs. Burke

	Superior	Burke
WARRANTY		
Steel posts, stainless steel hardware, component clamps and aluminum post caps	Lifetime	100 Year
Recycled posts	25 year	N/A
Pipes, rungs, loops and rails, roto-molded plastics, HDPE plastic sheets, punched steel decks	15 year	15 year HDPE Panels: Not listed
Shade fabric	10 year	10 year
Site amenities, cables and nets	5 year	Amenities: 7 year Cables and nets: 5 year
Powder coating	5 year	Not listed
Moving parts, materials not covered above	1 year	5 year
MATERIALS		
Rotationally-molded Plastic	3/8" thick strong low density polyethylene are anti-static and UV stabilized	Compound durable rotomolded plastic with UV-15 protection
Hardware	Stainless Steel, packed individually, vandal-resistant	Tamper-resistant stainless steel
Posts	3" or 5" OD heavy-duty steel with Flo-Coat® superdurable powder coat to withstand harsh weather	2 3/8", 3 1/2", and 5" OD heavy-duty steel
HDPE Panels	3/4" thick UV stabilized; available in one- or two-color options	Not listed
Decking, Steps, Ramps	Punched 12-gauge hot-rolled perforated steel finished with a PVC texture coating	Heavy-duty punched steel with a textured vinyl coating
Shade	91%-99% UV ray blockage depending on color, some colors CFM certified	up to 90% UV ray blockage
Powder Coating	Flo-Coat® combined with zinc rich primer and superdurable powder coat giving 6-7 mils for a marine-grade finish	Offers "coastal package" as add-on
Deck Height Max	8' for open slide 11' for tube slide	Not listed
Post attachment	Direct bolt to keep decks and components secure from future sliding	Clamp and direct bolt system
